If Personal Data is collected from someone other than the Data Subject, the Data Subject must be informed of the collection unless one of the following apply:

- The Data Subject has received the required information by other means.
- The information must remain confidential due to a professional secrecy obligation
- A national law expressly provides for the collection, Processing or transfer of the Personal Data.

Where it has been determined that notification to a Data Subject is required, notification should occur promptly, but in no case later than:

- Documenting the date, method and content of the disclosures made, as well as the validity, scope, and volition of the Consents given.
- Providing a simple method for a Data Subject to withdraw their Consent at any time.

4.3.2 Data Subject Notification

Skern Assessments & Inspiring Learning will, when required by applicable law, contract, or where it considers that it is reasonably appropriate to do so, provide Data Subjects with information as to the purpose of the Processing of their Personal Data.

4.3.4 Data Use

4.3.5 Data Processing

Skern Assessments & Inspiring Learning uses the Personal Data of its Contacts for the following broad purposes:

- The general running and business administration of Skern Assessments & Inspiring Learning.
- To provide services to Skern Assessments & Inspiring Learning customers.

4.4.1 Data Processing (Cont.)

- The ongoing administration and management of sales and customer services.

The use of a Contact's information should always be considered from their perspective and whether the use will be within their expectations or if they are likely to object. For example, it would clearly be within a Contact's expectations that their details will be used by Skern Assessments & Inspiring Learning to respond to a Contact request for information about the products and services on offer. However, it will not be within their reasonable expectations that Skern Assessments & Inspiring Learning would then provide their details to Third Parties for marketing purposes.

Where data is collected by Skern Assessments from candidates for assessment purposes, it should be expected by the candidate that this information if requested would be shared with the awarding body, Ofqual and the Educational and Skills Funding Agency for the purposes to enable the process of certification. Where data is requested for research purposes from these organisations in regard to the

development and integrity of the award, then anonymity of individual candidates should be maintained and only numerical and statistical data will be forwarded.

Skern Assessments and Inspiring Learning will Process Personal Data in accordance with all applicable laws and applicable contractual obligations. More specifically, Skern Assessments and Inspiring Learning will not Process Personal Data unless at least one of the following requirements are met:

- The Data Subject has given Consent to the Processing of their Personal Data for one or more specific purposes.
- Processing is necessary for the performance of a contract to which the Data Subject is party or in order to take steps at the request of the Data Subject prior to entering into a contract.
- Processing is necessary for compliance with a legal obligation to which the Data Controller is subject.
- Processing is necessary in order to protect the vital interests of the Data Subject or of another natural person.
- Processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Data Controller.
- Processing is necessary for the purposes of the legitimate interests pursued by the Data Controller or by a Third Party (except where such interests are overridden by the interests or fundamental rights and freedoms of the Data Subject, in particular where the Data Subject is a child).

There are some circumstances in which Personal Data may be further processed for purposes that go beyond the original purpose for which the Personal Data was collected. When making a determination as to the compatibility of the new reason for Processing, guidance and approval must be obtained from the Office of Data Protection before any such Processing may commence.

4.4.1 Data Processing (Cont.)

In any circumstance where Consent has not been gained for the specific Processing in question, Skern Assessments & Inspiring Learning will address the following additional conditions to determine the fairness and transparency of any Processing beyond the original purpose for which the Personal Data was collected:

- Any link between the purpose for which the Personal Data was collected and the reasons for intended further Processing.
- The context in which the Personal Data has been collected, in particular regarding the relationship between Data Subject and the Data Controller Person.
- The nature of the Personal Data, in particular whether Special Categories of Data are being Processed, or whether Personal Data related to criminal convictions and offences are being processed.
- The possible consequences of the intended further Processing for the Data Subject.
- The existence of appropriate safeguards pertaining to further Processing, which may include Encryption, Anonymization or Pseudonymisation

4.3.6 Special Categories of Data

Skern Assessments & Inspiring Learning will only Process Special Categories of Data (also known as sensitive data) where the Data Subject expressly consents to such Processing or where one of the following conditions apply:

- The Processing relates to Personal Data which has already been made public by the Data Subject.
- The Processing is necessary for the establishment, exercise or defence of legal claims.
- The Processing is specifically authorised or required by law.
- The Processing is necessary to protect the vital interests of the Data Subject or of another natural person where the Data Subject is physically or legally incapable of giving consent.
- Further conditions, including limitations, based upon national law related to the Processing of genetic data, biometric data or data concerning health.

4.3.7 Special Categories of Data

In any situation where Special Categories of Data are to be processed, prior approval must be obtained from the Data Protection person and the basis for the Processing clearly recorded with the Personal Data in question.

Where Special Categories of Data are being Processed, Skern Assessments & Inspiring Learning will adopt additional protection measures. Skern Assessments may also adopt additional measures to address local custom or social expectation over the Processing of Special Categories of Data.

4.3.8 Children's Data

Children are unable to Consent to the Processing of Personal Data for information society services. Consent must be sought from the person who holds parental responsibility over the child. However, it should be noted that where Processing is lawful under other grounds, Consent need not be obtained from the child or the holder of parental responsibility.

Should Inspiring Learning foresee a business need for obtaining parental consent for information society services offered directly to a child, guidance and approval must be obtained from the Data Protection person before any Processing of a child's Personal Data may commence.

4.3.9 Data Quality

Skern Assessments & Inspiring Learning will adopt all necessary measures to ensure that the Personal Data it collects and Processes is complete and accurate in the first instance, and is updated to reflect the current situation of the Data Subject.

The measures adopted by Skern Assessments & Inspiring Learning to ensure data quality include:

4.4.4 Data Quality

Skern Assessments & Inspiring Learning will only engage in Profiling and automated decision-making where it is necessary to enter into, or to perform, a contract with the Data Subject or where it is authorised by law.

Where Skern Assessments utilises Profiling and automated decision-making, this will be disclosed to the relevant Data Subjects. In such cases the Data Subject will be given the opportunity to:

- Express their point of view.
- Obtain an explanation for the automated decision.
- Review the logic used by the automated system.
- Supplement the automated system with additional data.
- Have a human carry out a review of the automated decision.
- Contest the automated decision.
- Object to the automated decision-making being carried out.

4.3.11 Digital Marketing

As a general rule Inspiring Learning will not send promotional or direct marketing material to a Skern Assessments & Inspiring Learning Contact through digital channels such as mobile phones, email and the Internet, without first obtaining their Consent. If Skern Assessments wishes to carry out a digital marketing campaign without obtaining prior Consent from the Data Subject, must first have it approved by the Data Protection Officer.

Where Personal Data Processing is approved for digital marketing purposes, the Data Subject must be informed at the point of first contact that they have the right to object, at any stage, to having their data Processed for such purposes. If the Data Subject puts forward an objection, digital marketing related Processing of their Personal Data must cease immediately and their details should be kept on a suppression list with a record of their opt-out decision, rather than being completely deleted.

It should be noted that where digital marketing is carried out in a ‘business to business’ context, there is no legal requirement to obtain an indication of Consent to carry out digital marketing to individuals provided that they are given the opportunity to opt-out.

4.4 Data Retention

To ensure fair Processing, Personal Data will not be retained by Skern Assessments & Inspiring Learning for longer than necessary in relation to the purposes for which it was originally collected, or for which it was further processed.

The length of time that Skern Assessments need to retain candidate's personal data is set out by the awarding body and external verification provider. All Personal Data should be deleted or destroyed as soon as possible where it has been confirmed that there is no longer a need to retain it.

Skern Assessments & Inspiring Learning may transfer Personal Data to internal or Third Party recipients located in another country where that country is recognised as having an adequate level of legal protection for the rights and freedoms of the relevant Data Subjects. Where transfers need to be made to countries lacking an adequate level of legal protection (i.e. Third Countries), they must be made in compliance with an approved transfer mechanism.

Skern Assessments & Inspiring Learning may only transfer Personal Data where one of the transfer scenarios list below applies:

- The Data Subject has given Consent to the proposed transfer.
- The transfer is necessary for the performance of a contract with the Data Subject.

- The transfer is legally required on important public interest grounds.
- The transfer is necessary for the establishment, exercise or defence of legal claims.
- The transfer is necessary in order to protect the vital interests of the Data Subject.

4.10.1 Transfers between Skern Assessments

In order for Skern Assessments to carry out its operations effectively across its various centres, there may be occasions when it is necessary to transfer Personal Data from one assessor to another, or to allow access to the Personal Data from an overseas location. Should this occur, Skern Assessments remains responsible for ensuring protection for that Personal Data.

Skern Assessments & Inspiring Learning handles the transfer of Personal Data between Inspiring Learning, where the location of the recipient is a Third Country, using the Binding Corporate Rules transfer mechanism. Binding Corporate Rules provide legally binding, enforceable rights on Data Subjects with regard to the Processing of their Personal Data and must be enforced by Inspiring Learning, including their Employees.

4.10.2 Transfers to Third Parties

Skern Assessments & Inspiring Learning will only transfer Personal Data to, or allow access by, Third Parties when it is assured that the information will be processed legitimately and protected appropriately by the recipient. Where Third Party Processing takes place, Skern Assessments & Inspiring Learning will first identify if, under applicable law, the Third Party is considered a Data Controller or a Data Processor of the Personal Data being transferred.

Where the Third Party is deemed to be a Data Controller, Skern Assessments or Inspiring Learning will enter into, in cooperation with the Data Protection person, an appropriate agreement with the Data Controller to clarify each party's responsibilities in respect to the Personal Data transferred.

Where the Third Party is deemed to be a Data Processor, Skern Assessments or Inspiring Learning will enter into, in cooperation with the Data Protection person, an adequate Processing agreement with the Data Processor. The agreement must require the Data Processor to protect the Personal Data from further disclosure and to only Process Personal Data in compliance with Inspiring Learning group instructions. In addition, the agreement will require the Data Processor to implement appropriate technical and organisational measures to protect the Personal Data as well as procedures for providing notification of Personal Data Breaches. Inspiring Learning has a 'Data Processing Agreement' document that should be used as a baseline template.

Where Skern Assessments or Inspiring Learning is outsourcing services to a Third Party (including Cloud Computing services), they will identify whether the Third Party will Process Personal Data on its behalf and whether the outsourcing will entail any Third Country transfers of Personal Data. In either case, it will make sure to include, in cooperation with the Data Protection person, adequate provisions in the outsourcing agreement for such Processing and Third Country transfers. Inspiring Learning Group has an 'Outsourcing Policy' document that should be used for guidance.

The Data Protection person shall conduct regular audits of Processing of Personal Data performed by Third Parties, especially in respect of technical and organisational measures they have in place. Any major deficiencies identified will be reported to and monitored by the Inspiring Learning leadership team.

4.10 Complaints Handling

Data Subjects with a complaint about the Processing of their Personal Data, should put forward the matter in writing to the Data Protection person. An investigation of the complaint will be carried out to the extent that is appropriate based on the merits of the specific case. The Data Protection person will inform the Data Subject of the progress and the outcome of the complaint within a reasonable period.

If the issue cannot be resolved through consultation between the Data Subject and the Data Protection person, then the Data Subject may, at their option, seek redress through mediation, binding arbitration, litigation, or via complaint to the Data Protection Authority within the applicable jurisdiction.

4.11 Breach Reporting

Any individual who suspects that a Personal Data Breach has occurred due to the theft or exposure of Personal Data must immediately notify the Data Protection person providing a description of what occurred. Notification of the incident can be made via e-mail dataprotection@inspiring-learning.com or by using the anonymous incident reporting form at on the 'data breach policy'.

The Data Protection person will investigate all reported incidents to confirm whether or not a Personal Data Breach has occurred. If a Personal Data Breach is confirmed, the Data Protection person will follow the relevant authorised procedure based on the criticality and quantity of the Personal Data involved. For severe Personal Data Breaches, Inspiring Learning will initiate and chair an emergency response team to coordinate and manage the Personal Data Breach response.
